

To All Interested Parties:

On June 16, 2022, the Colorado Department of Revenue's Marijuana Enforcement (Division/MED) announced that it was facilitating stakeholder meetings to collaborate on proposed rule updates for the Division's 2022 Summer Rulemaking and solicited interested stakeholders to submit applications to serve on potential work group panels.

The Division appreciates all the stakeholders who took the time to apply to serve on work group panels and offer their insight, feedback, and expertise to the development of rule amendments. The Division has determined not to designate work group panels for the following stakeholder meetings:

July 15, 2022 – Legislative Implementation Rule Revisions

July 27, 2022 – Catch-all Rule Revisions

August 12, 2022 – Science & Policy Rule Revisions

Because the Division has determined not to designate work group panels, the stakeholder meetings listed above will provide opportunities for broad input by all attendees. Interested attendees can sign up during the meeting to comment on subjects identified to be discussed in each meeting.

**All members of the public are invited to attend these stakeholder meetings, to provide oral comment during the comment period, and to [submit written comments](#) on proposed rules. The Stakeholder Meetings will be held virtually via Zoom:**
