

COLORADO
Department of Revenue
Marijuana Enforcement Division

**2021 RULEMAKING
ANNOUNCEMENT**

SCIENCE & POLICY WORK GROUP

The Colorado Department of Revenue's Marijuana Enforcement Division is facilitating the below stakeholder work group to collaborate on rulemaking related to recommendations generated by the [Science & Policy Work Group](#) facilitated by the Division in partnership with the Colorado Department of Public Health and Environment. ***Please note that the Division may amend the composition of the work group based on the meeting agenda and the ability to accommodate alternative or additional participants.***

Meeting Preparation

Panel members should be prepared to actively participate in the discussion, present data and other relevant materials, and draft proposed rules. Leading up to the Division's rulemaking work group meeting **scheduled September 3, 2021**, the Division will provide written materials for work group members and other interested parties to review and prepare, including proposed rules, potential questions for discussion/input, and subject matter outlines.

The Division extends its appreciation to all stakeholders willing to contribute their time and subject matter expertise to the Department of Revenue's rulemaking process and encourages all interested parties to attend work group meetings. **Work group meetings are open to the public and all interested parties can take an active role in the rulemaking process by attending work group meetings, offering oral comment during the public comment portion of the meetings, and by [submitting written comments](#) on proposed rules.**

All scheduled work group meetings will be recorded and made available on the Division's website. Further, materials and written comments submitted by stakeholders will help the Division identify work group discussion items, and all materials submitted by stakeholders will be incorporated in the Division's rulemaking record to inform final proposed rules.

Please see the [Rulemaking Page](#) of the Division's website for additional meeting details and other rulemaking resources.
