COLORADO REVISED STATUTES 2018 TITLE 44

REVENUE - REGULATION OF ACTIVITIES

ARTICLE 1 COMMON PROVISIONS

44-1-101.

Short title. The short title of this title 44 is the “Department of Revenue Activities Regulation Act”.

44-1-102.

Legislative declaration.

(1) The general assembly hereby finds and declares that:

(a) Before the enactment of this title 44, laws administered by the department of revenue that regulate a variety of activities were codified in two titles of the Colorado Revised Statutes, most prominently in title 12, which governs professions and occupations;

(b) Most professions and occupations are regulated by the department of regulatory agencies pursuant to title 12, but prior to the 2017 legislative session, title 12 contained numerous laws that did not pertain to the regulation of professions and occupations and were not administered by the department of regulatory agencies;

(c) With the enactment of section 2-3-510 in 2016, the general assembly directed the office of legislative legal services to study an organizational recodification of title 12 of the Colorado Revised Statutes, including relocating laws that do not pertain to professions and occupations and are not administered by the department of regulatory agencies;

(d) Based on recommendations from the title 12 recodification study, the general assembly enacted several bills in the 2017 legislative session to relocate out of title 12 many laws that are administered by entities other than the department of regulatory agencies;

(e) The study also recommended creating a new title 44 for purposes of consolidating laws administered by the department of revenue that regulate activities into a single title in order to facilitate both:

- (I) The public's and regulated entities' understanding of the laws that apply to them; and
- (II) The department of revenue's administration of these laws; and
- (f) Creating a new title 44 consisting of laws administered by the department of revenue that regulate various activities is necessary to implement the recommendations of the title 12 recodification study and facilitate the reorganization of title 12 pertaining to the regulation of professions and occupations.

44-1-103.

Definitions. As used in this title 44, unless the context otherwise requires:

- (1) "Department" means the department of revenue created in section 24-1-117.
- (2) "Executive director" means the executive director of the department.

ARTICLE 30
COLORADO LIMITED GAMING ACT

PART 1
GENERAL PROVISIONS

44-30-101.

Short title. The short title of this article 30 is the "Limited Gaming Act of 1991".

44-30-102.

Legislative declaration.

- (1) The general assembly hereby finds, determines, and declares it to be the public policy of this state that:
 - (a) The success of limited gaming is dependent upon public confidence and trust that licensed limited gaming is conducted honestly and competitively; that the rights of the creditors of licensees are protected; and that gaming is free from criminal and corruptive elements;
 - (b) Public confidence and trust can be maintained only by strict regulation of all persons, locations, practices, associations, and activities related to the operation of licensed gaming establishments and the manufacture or distribution of gaming devices and equipment;
 - (c) All establishments where limited gaming is conducted and where gambling devices are operated and all manufacturers, sellers, and distributors of certain gambling devices and equipment must

therefore be licensed, controlled, and assisted to protect the public health, safety, good order, and the general welfare of the inhabitants of the state to foster the stability and success of limited gaming and to preserve the economy and policies of free competition of the state of Colorado;

(d) No applicant for a license or other affirmative commission approval has any right to a license or to the granting of the approval sought. Any license issued or other commission approval granted pursuant to the provisions of this article 30 is a revocable privilege, and no holder acquires any vested right therein or thereunder.

(2) It is the intent of the general assembly that, to achieve the goals set forth in subsection (1) of this section, the commission should place great weight upon the policies expressed in said subsection (1) in construing the provisions of this article 30.

(3) The general assembly further finds, determines, and declares that:

(a) When, in 2018, the United States supreme court held in *Murphy v. National Collegiate Athletic Association*, 138 S. Ct. 1461, that there existed no current federal impediment to an individual state's authority to legalize sports betting, but that such an effort was subject only to that state's own constitutional limits on that authority, Colorado had the option to expand the responsibilities of the limited gaming control commission created in this article 30 to include sports betting;

(b) Expansion of the commission's role in this way is appropriate, given the commission's experience in regulating limited gaming since 1991 and its track record of competent, evenhanded, and efficient discharge of the duties entrusted to it by Colorado's voters under section 9 of article XVIII of the state constitution;

(c) The general assembly intends, through passage of House Bill 19-1327, enacted in 2019, to incorporate sports betting seamlessly into the regulatory and taxing system established for limited gaming under this article 30 in a manner that honors the voters' intent in adopting section 9 of article XVIII of the state constitution and has done so through enactment of a referred measure requiring statewide approval;

(d) It is appropriate, and the general assembly intends, that after the incorporation of sports betting into this article 30 on May 1, 2020, no further expansion of sports betting nor authorization of any new or expanded class of licensees be made except with the approval of Colorado voters through legislation or constitutional amendments that are submitted to a statewide vote; and

(e) The success of sports betting is dependent upon public confidence and trust that activities related to sports betting are

conducted honestly and competitively; that the rights of the creditors of licensees are protected; and that sports betting is free from criminal and corruptive elements. Public confidence and trust can be maintained only by strict regulation of sports betting.

(b) No member of the commission or employee of the division, including the director, and no member of the immediate family of a member or employee of the division, shall have any interest, direct or indirect, in any licensee, licensed premises, establishment,

(c) No member of the commission or employee of the division, including the director, and no member of the immediate family of a member of the commission or employee of the division, shall receive any gift, gratuity, employment, or other thing of value from any person, corporation, association, or firm that contracts with or that offers services, supplies, materials, or equipment used by the division in the normal course of its operations, or that is licensed by the division or the commission; except that such persons may accept on an infrequent basis in the normal course of business any nonpecuniary items of insignificant value as shall be allowed by the director and as shall be specified by the commission by rule.

(3) For purposes of investigating violations of this article 30, the provisions of subsections (1)(c) and (1)(d) of this section shall not apply to an employee of the division acting in his or her official capacity while on duty.

PART 5 LICENSING

44-30-501.

Licenses - types - rules.

(1) The commission may issue six types of licenses as follows:

(a) Slot machine manufacturer or distributor. A slot machine manufacturer or distributor license is required for all persons who import, manufacture, or distribute slot machines in this state, or

who otherwise act as a slot machine manufacturer or distributor. Each license issued pursuant to this subsection (1)(a) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule.

(b) Operator license.

(I) An operator license is required for all persons who permit slot machines on their premises or who engage in the business of placing and operating slot machines on the premises of a retailer. Each license issued pursuant to this subsection (1)(b) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule. A licensed operator shall obtain slot machines only from, and shall return or sell slot machines only to, a licensed manufacturer or distributor.

(II) This subsection (1)(b) shall not apply to persons holding retail gaming licenses issued pursuant to subsection (1)(c) of this section.

(c) Retail gaming license. A retail gaming license is required for all persons permitting or conducting limited gaming on their premises. A retail gaming license may only be granted to a retailer. Each person licensed as a retailer shall have and maintain sole and exclusive legal possession of the entire premises for which the retail license is issued. Each license issued pursuant to this subsection (1)(c) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule. A licensed retailer shall obtain slot machines only from, and shall return or sell slot machines only to, a licensed manufacturer or distributor. Slot machine transfers between licensed retailers directly and completely owned by the same person are allowed, if proper notification is given to the division.

(d) Support license. A support license is required for all persons employed in the field of limited gaming and by all gaming employees. No person required to hold a support license shall be an employee of, or assist, any licensee until the person obtains a valid support license. Persons licensed as key employees need not obtain support licenses. The commission may deny a support license to any person discharged for cause from employment by any

licensed gaming establishment in this or any other country. Each license issued pursuant to this subsection (1)(d) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule.

(e) Key employee license. Every retail gaming licensee shall have a person in charge of all limited gaming activities available at all times when limited gaming is being conducted. The person in charge shall hold a key employee license. Each license issued pursuant to this subsection (1)(e) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule.

(f) Associated equipment supplier license. An associated equipment supplier license is required for a person who imports, manufactures, or distributes associated equipment in this state, or who otherwise acts as an associated equipment supplier. Slot machine manufacturers or distributors who are licensed in this state and who import, manufacture, or distribute associated equipment need not obtain a separate associated equipment supplier license. Each license issued under this subsection (1)(f) expires two years after the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The commission shall promulgate rules to establish the fees for an initial license and renewal licenses.

44-30-502.

Key employee - determination of status. If, in the determination of the commission, an employee of a licensee for limited gaming is a key employee and as such is subject to licensure, the commission shall serve notice of the determination upon the licensee who employed the key employee. In determining whether or not an employee is a key employee, the commission is not restricted by the title of the job performed by the employee but may consider the functions and responsibilities of the employee in making its decision. The licensee shall, within thirty days following receipt of the notice of the commission's determination, present the application for licensing of the employee to the commission or provide documentary evidence that the employee is no longer employed by the licensee. Failure of the licensee to respond as required by this section is grounds for disciplinary action. A person subject to application for licensing as a key employee may make written request to the commission to review its determination of the person's status within the gaming organization. If the commission

determines that the person is not a key employee, the person shall be allowed to withdraw his or her application and continue in his or her employment. The request by an employee for review of his or her employment status does not stay the obligation of the licensee to present the employee's application to the commission within the thirty-day period prescribed by this section.

44-30-503.

Licenses - revocable - nontransferable. Every license issued pursuant to this article 30 is revocable and nontransferable. No licensee acquires any vested interest or property right in a license. The gaming licenses issued pursuant to this article 30 are only for the particular location initially authorized. The revocable privilege for any license issued or other approval granted is conditioned upon the proper and continuing qualification of the licensee or registrant and upon the discharge of the affirmative responsibility of each licensee or registrant to provide to the regulatory, investigatory, and law enforcement authorities any assistance and information necessary to assure that the policies and requirements of this article 30 are achieved.

44-30-504.

Operator, slot machine manufacturer or distributor, associated equipment supplier, key employee, support licensee, or retailer - qualifications for licensure. Before obtaining a license as an operator, slot machine manufacturer or distributor, associated equipment supplier, key employee, support licensee, or retailer, in addition to meeting other requirements of this article 30 or rules of the commission, an applicant must show that he or she is of good moral character. An applicant has the burden of proving his or her qualifications to the satisfaction of the commission. The applicant must submit to and pay for background investigations the commission may order. All payments shall be deposited into the limited gaming fund created in section 44-30-701.

44-30-505.

Considerations for licensure. In considering whether a person is of good moral character for purposes of issuing any license pursuant to this article 30, or for any other purposes, the commission may, in addition to all other information, consider whether that person has been denied a gaming license by this or any other jurisdiction, city, state, or country, or whether the person has ever had a gaming license in this or any other jurisdiction, city, state, or country suspended or revoked. The commission may also consider whether a person has ever

Expenditures from the state historical fund - legislative declaration.

(1) The general assembly hereby finds and declares that when the voters approved the conduct of limited gaming in the cities of Central, Black Hawk, and Cripple Creek they believed that all money expended from the state historical fund would be used to restore and preserve the historic nature of those cities and other sites and municipalities throughout the state. The standards shall further include requirements that assure compliance with the secretary of the interior's standards for treatment of historic properties.

(3) The governing bodies of the cities of Central, Black Hawk, and Cripple Creek shall not expend money from their twenty percent portion of the state historical fund unless they have adopted standards for distribution of grants from that portion of the fund. addiction counseling, including prevention and education, to Colorado residents, incurred directly as a result of limited gaming permitted in the counties of Gilpin and Teller and on Indian lands.

The development of this program must involve the study of the magnitude of the gambling addiction problem in Colorado, the documentation of the existing financial resources and infrastructure to help address gambling addiction in the state, the study of best practices in other states for successful gambling addiction programs, and the documentation of any gaps in existing financial resources and infrastructure in Colorado, including the review of the need for increased addiction counselors.

(2)

(a) After considering the recommendations of the local government limited gaming impact advisory committee created in section 44-30-1302, the money from the limited gaming impact account shall be distributed at the authority of the executive director of the department of local affairs to eligible local governmental entities upon their application for grants to finance planning, construction, and maintenance of public facilities and the provision of public services related to the documented gaming impacts. At the end of a fiscal year, all unexpended and unencumbered money in the gambling addiction account remains in the account and does not revert to the general fund or any other fund or account.

License classifications - number of licenses - designated sports betting operators - qualifications - rules.

(1) The commission shall issue the following three classifications of sports betting licenses in addition to any license classifications the commission chooses to authorize in accordance with section 44-30-1504 (4):

- (a) Master license;
- (b) Sports betting operator; and
- (c) Internet sports betting operator.

(2)

(a)

(I) The commission may issue a master license, upon the applicant’s payment of any required fees and compliance with all other requirements of this part 15, to a person that holds a retail gaming license as described in section 44-30-501 (1)(c). A person holding more than one retail gaming license may be issued one master license for each retail gaming license it holds.

(II) The purchase of an existing ownership interest in a casino requiring the issuance of a new retail gaming license does not prohibit the transfer of an existing master license with the ownership interest, subject to approval by the commission.

(III) A master licensee shall conduct sports betting on its premises in accordance with this part 15 and shall not transfer its licensed sports betting operation to be conducted at any facility located outside the city of Central, the city of Black Hawk, or the city of Cripple Creek, regardless of whether that facility is licensed to manufacture or sell alcohol beverages under this title 44; licensed as a class B track or simulcast facility under article 32 of this title 44; licensed as a lottery sales agent under section 44-40-107; or licensed to conduct bingo or raffles under part 6 of article 21 of title 24. This subsection (2)(a)(III) does not prohibit sports betting through a licensed internet sports

betting operator by a customer using his or her own computer or mobile or interactive device anywhere in the state.

(IV) A master license expires two years after the date of issuance but may be renewed upon the filing and approval of an application for renewal.

(b)

(I) A sports betting operator license or internet sports betting operator license entitles the licensee to contract with a master licensee for the purpose of operating a sports betting operation or internet sports betting operation, as applicable. Each master licensee shall contract with no more than one sports betting operator and one internet sports betting operator at the same time. A master licensee may contract with the same entity to provide the services of a sports betting operator and an internet sports betting operator.

(II) An internet sports betting operator may provide only one individually branded website, which may have an accompanying mobile application that must bear the same unique brand as the website for an internet sports betting operation. An internet sports betting operation shall not be opened to the public, and, except for test purposes, sports betting shall not be conducted in the internet sports betting operation until the internet sports betting operator receives its license and the commission approves its contract with the master licensee in accordance with subsection (3) of this section.

(c) A person may hold both a sports betting operator license and an internet sports betting operator license. The commission shall determine by rule the distinctions and specific qualifications applicable to these licenses, including qualifications as to the time, place, and manner of accepting wagers and of verifying the identity of persons seeking to place wagers.

(3) A contract between two or more licensees listed in subsection (1) of this section must be submitted in advance to, and is subject to approval by, the division in accordance with rules of the commission.

(4) Each license issued pursuant to this section expires two years after issuance but may be renewed upon the filing and approval of an application for renewal. The fee for issuance or renewal of a license listed in subsection (1) of this section is as specified by the commission by rule in an amount sufficient to recover the commission's direct and indirect costs of processing the application and conducting background investigations, not to exceed one hundred twenty-five thousand dollars.

(5)

(a) A sports betting operation other than an internet sports betting operation must be operated in a designated area within a casino, subject to all requirements concerning design, equipment, security measures, and related matters established by the commission by rule, and may offer sports betting on any sports event authorized under rules of the commission.

(b) All sports betting licenses must specify the portion of the licensee's premises located within the city of Central, the city of Black Hawk, or the city of Cripple Creek where sports betting will take place. The commission shall not require sports betting to be conducted within a casino's designated gaming area as authorized by the commission by rule, but any sports betting conducted outside of a casino's designated gaming area must be conducted only by a licensed internet sports betting operator, and bets must be placed only through a customer's own computer or mobile or interactive device.

(c) A casino's support services for sports betting, including data aggregation, risk management, computer services, setting of odds, and banking may be sited outside of a casino's designated gaming area.

(d) Notwithstanding any other provision of this article 30, sports betting, other than by a customer using his or her own computer or mobile or interactive device through an internet sports betting operation, shall not be conducted anywhere in the city of Central, the city of Black Hawk, or the city of Cripple Creek unless sports betting is authorized by the local voters of the respective city in a municipal or coordinated election held in November 2019, concurrently with the statewide election described in section 44-30-1514.

(6) Each licensee shall keep a complete set of books of account, correspondence, and all other records necessary to fully show the sports betting transactions of the licensee, all of which must be open at all times during business hours for inspection and examination by the division or its duly authorized representatives. The division may require any licensee to furnish the information that the division considers necessary for the proper administration of this part 15 and may require an audit to be made of the books of account and records when the division considers it necessary by an auditor, selected by the director, who shall likewise have access to all the books and records of the licensee, and the licensee may be required to pay the expense of the audit.

(7) A sports governing body may petition the commission to restrict, limit, or exclude a type of wager the outcome of which is solely determined by the actions of a single player. Upon receiving such a petition,

the commission shall review the request in good faith, seek input from the sports betting operators on the petition, and, if the commission deems it appropriate, adopt rules to restrict, limit, or exclude that type of wager.

(8) Notwithstanding any provision of this section to the contrary, sports betting is not authorized unless the voters at the November 2019 statewide election approve the ballot question submitted pursuant to section 44-30-1514, enacted in 2019 in House Bill 19-1327.

In the event of a wager placed by a person later determined to be ineligible, the sports betting operator shall refund the wager if possible or, if a refund is not possible, shall remit the amount of the wager to the commission for transfer to the sports betting fund.

(b) A sports betting operator shall not accept a bet from any person whose identity is known to the sports betting operator and:

(I) Whose name appears on the exclusion list maintained by the master licensee with whom the sports betting operator has a contractual relationship; except that a person may not invalidate or retract a bet already placed at the time the person's name is placed on the exclusion list;

(III) Who has access to nonpublic, confidential information held by the sports betting operator; or

(IV) Who is an agent or proxy for any other person for the purpose of placing the bet.

(3) A sports betting operator shall establish or display the odds at which wagers may be placed on sports events.

(4) A sports betting operator shall adopt procedures to obtain personally identifiable information from any individual who places any single bet in an amount of ten thousand dollars or more on a sports event while physically present in a casino, and all disclosure and reporting re-

quirements otherwise applicable to wagers under this article 30 apply to the conduct of sports betting under this part 15.

(5)

- (a) A sports betting operator shall promptly report to the division:
- (I) Any criminal or disciplinary proceedings commenced against the sports betting operator or its employees in connection with the operations of the sports betting operation or internet sports betting operation;
 - (II) Any abnormal betting activity or discernible patterns that may indicate a concern about the integrity of a sports event or events;
 - (III) Any other conduct with the potential to corrupt a betting outcome of a sports event for purposes of financial gain, including match fixing or the use of material, nonpublic information to place bets or facilitate another person's sports betting activity; and
 - (IV) Suspicious or illegal wagering activities, including the use of funds derived from illegal activity, wagers to conceal or launder funds derived from illegal activity, use of agents to place bets, or use of false identification.
- (b) In addition to reporting to the division as required by subsection (5)(a) of this section, a sports betting operator shall maintain records of all bets placed, including personally identifiable information of the bettor when available, amount and type of bet, time the bet was placed, location of the bet, including internet protocol address if applicable, the outcome of the bet, and records of abnormal betting activity. - (e) The division may share any information obtained under this section with any law enforcement entity, team, sports governing body, or regulatory agency that requests information from the

division in connection with an investigation conducted by that entity, team, sports governing body, or regulatory agency. The division may redact or aggregate information to protect the privacy of persons who are not subjects or targets of the investigation.

(6) All bets authorized under this part 15 must be initiated, received, and otherwise made within Colorado unless otherwise determined by the division in accordance with applicable federal and state laws. Consistent with the intent of the United States congress as articulated in the federal “Unlawful Internet Gambling Enforcement Act of 2006”, 31 U.S.C. sec. 5361-5367, the intermediate routing of electronic data relating to a lawful intrastate wager authorized under this provision does not determine the location or locations in which the wager is initiated, received, or otherwise made.

(7) Each sports betting operator may set such bet limits as it sees fit, in its sole discretion, and may make those limits specific to a form or class of sports betting, a specific sports event, or a person placing a bet, based on individual or aggregate data concerning bets to be placed or that have been placed historically by that individual or on that form or class of sports betting or on that sports event.

(8) An internet sports betting operator shall accept bets only from persons physically located within the state of Colorado. An internet sports betting operator may establish and fund sports wagering accounts electronically through commission-approved mobile applications and digital platforms.

All expenses of the division related to sports betting regulation, including the expenses of investigation and prosecution relating to sports betting, shall be paid from the fund.
 - (b) All money paid into the fund is continuously appropriated for the purposes of implementing this part 15. (III) If, on the annual date of distribution, there is not sufficient money in the hold-harmless fund to pay all verified losses, the commission shall direct the state treasurer to reduce the amount of all claims by a uniform percentage so that applicants receive a share of the money proportionate to their verified losses.

The controller is authorized as directed to draw warrants payable out of the fund upon vouchers properly certified.
- (5) The state treasurer shall invest the money in the fund so long as the money is timely available to pay the expenses of the division. Investments must be those otherwise permitted by state law, and interest or any other return on the investments shall be paid into the fund.
- (6) The division shall be operated so that, after the initial state appropriation, its administration of this part 15 is financially self-sustaining.

 - (d) Limited gaming operations shall be prohibited between the hours of 2:00 o'clock a.m. and 8:00 o'clock a.m.

 - (c) "Slot machine" means any mechanical, electrical, video, electronic, or other device, contrivance, or machine which, after insertion of a coin, token, or similar object, or upon payment of any required consideration whatsoever by a player, is available to be played or operated, and which, whether by reason of the skill of the player or application of the element of chance, or both, may deliver or entitle the player operating the machine to receive cash premiums, merchandise, tokens, redeemable game credits, or any other thing of value other than unredeemable free games, whether the payoff is made automatically from the machines or in any other manner.

Section 9

(5)

(a) Up to a maximum of forty percent of the adjusted gross proceeds of limited gaming shall be paid by each licensee, in addition to any applicable license fees, for the privilege of conducting limited gaming. Such percentage shall be established annually by the commission according to the criteria established by the general assembly in the implementing legislation to be enacted pursuant to paragraph (c) of this subsection (5). Such payments shall be made into a limited gaming fund that is hereby created in the state treasury.

(b)

(I) From the moneys in the limited gaming fund, the state treasurer is hereby authorized to pay all ongoing expenses of the commission and any other state agency, related to the administration of this section 9. Such payment shall be made upon proper presentation of a voucher prepared by the commission in accordance with statutes governing payments of liabilities incurred on behalf of the state. Such payment shall not be conditioned on any appropriation by the general assembly.

(II) At the end of each state fiscal year, the state treasurer shall distribute the balance remaining in the limited gaming fund, except for an amount equal to all expenses of the administration of this section 9 for the preceding two-month period, according to the following guidelines: fifty percent shall be transferred to the state general fund or such other fund as the general assembly shall provide; twenty-eight percent shall be transferred to the state historical fund, which fund is hereby created in the state treasury; twelve percent shall be distributed to the governing bodies of Gilpin county and Teller county in proportion to the gaming revenues generated in each county; the remaining ten percent shall be distributed to the governing bodies of the cities of: the City of Central, the City of Black Hawk, and the City of Cripple Creek in proportion to the gaming revenues generated in each respective city.

(III) Of the moneys in the state historical fund, from which the state treasurer shall also make annual distributions, twenty percent shall be used for the preservation and restoration of the cities of: the City of Central, the City of Black Hawk, and the City of Cripple Creek, and such moneys shall be distributed, to the governing bodies of the respective cities, according to the proportion of the gaming revenues generated in each respective city. (6) Local vote on legality of limited gaming - election required.

(a) Except as provided in paragraph (e) of this subsection (6), limited gaming shall not be lawful within any city, town, or unincorporated portion of a county which has been granted constitutional authority for limited gaming within its boundaries unless first approved by an affirmative vote of a majority of the electors of such city, town, or county voting thereon. The question shall first be submitted to the electors at a general, regular, or special election held within thirteen months after the effective date of the amendment which first adds such city, county, or town to those authorized for limited gaming pursuant to this constitution; and said election shall be conducted pursuant to applicable state or local government election laws.

(b) If approval of limited gaming is not obtained when the question is first submitted to the electors, the question may be submitted at subsequent elections held in accordance with paragraph (d) of this subsection (6); except that, once approval is obtained, limited gaming shall thereafter be lawful within the said city, town, or unincorporated portion of a county so long as the city, town, or county remains among those with constitutional authority for limited gaming within their boundaries.

(c) Nothing contained in this subsection (6) shall be construed to limit the ability of a city, town, or county to regulate the conduct of limited gaming as otherwise authorized by statute or by this constitution.

(d)

(I) The question submitted to the electors at any election held pursuant to this subsection (6) shall be phrased in substantially the following form: "Shall limited gaming be lawful within?"

(II) The failure to acquire approval of limited gaming in the unincorporated portion of a county shall not prevent lawful limited gaming within a city or town located in such county where such approval is acquired in a city or town election, and failure to acquire such approval in a city or town election shall not prevent lawful limited gaming within the unincorporated

Section 9

area of the county in which such city or town is located where such approval is acquired in an election in the unincorporated area of a county.

(III) If approval of limited gaming is not acquired when the question is first submitted in accordance with this subsection (6), the question may be submitted at subsequent elections so long as at least four years have elapsed since any previous election at which the question was submitted.

(e) Nothing contained in this subsection (6) shall be construed to affect the authority granted upon the initial adoption of this section at the 1990 general election, or the conduct and regulation of gaming on Indian reservations pursuant to federal law.

(f) For purposes of this subsection (6), a “city, town, or county” includes all land and buildings located within, or owned and controlled by, such city, town, or county or any political subdivision thereof. “City, town, or county” also includes the city and county of Denver.

(B) Ten percent to the governing bodies of the cities of Central, Black Hawk, and Cripple Creek to address local gaming impacts; provided that such revenue shall be distributed based on the proportion of gaming tax revenues, attributable to the operation of this subsection (7), that are paid by licensees operating in each city; and

(C) Twelve percent to the governing bodies of Gilpin and Teller Counties to address local gaming impacts; provided that such revenue shall be distributed based on the proportion of gaming tax revenues, attributable to the operation of this subsection (7), that are paid by licensees operating in each county.
