Introductions and Announcements

2. DISCUSSION TOPICS

- a. Data Request Response Overview
- b. Presentation on Potential Testing Rules Reorganization
- c. Plant Material Allocated For Extraction Proposed Testing Changes:
 - i. Big Picture Questions For Consideration and Feedback:
 1. How will Licensees address sanitary conditions and occupational safety concerns if testing is not required before transfer out of a cultivation facility?
 2. Exemptions to testing at the cultivation level significantly impact the

Manufacturing license's ability to achieve Reduced Testing Allowance. For example, if cultivators are not testing for pesticides, how would a manufacturer achieve a Reduced Testing Allowance for pesticides?

- 3. Are there concerns about shifting the burden of testing costs and dealing with failed batches to Manufacturing facilities?**
- 4. What are the impacts on Testing Facilities and costs of testing if all testing is moved to the end product? (e.g. consideration of the variety of end products and ability to test each matrix such as chocolate, gummies, baked goods, etc)**

d. Update on Proposed Changes to Production Batch Requirements in the Inventory Tracking System
