If, in such circumstances, the Come Bet wins, the original Come Bet shall be paid at odds of 1 to 1 and the supplemental wager shall be paid at odds of 2 to 1 if

the come point was 4 or 10, 3 to 2 if the come point was 5 or 9, and 6 to 5 if the come point was 6 or 8. *Amended 5/1/21*

- (4) Whenever a player makes a Don't Come Bet and a total of 4, 5, 6, 8, 9 or 10 is thrown on the roll immediately following placement of such bet, the player shall have the right to make a supplemental wager in support of the Don't Come Bet which may be limited by the retail licensee's policies on odds, not to exceed the maximum wager limit determined by the house and in accordance with applicable law. If, in such circumstances, the Don't Come Bet wins, the original Don't Come Bet shall be paid at odds of 1 to 1 and the supplemental wager shall be paid at odds of 1 to 2 if the come point was a 4 or 10, 2 to 3 if the come point was 5 or 9, and 5 to 6 if the come point was 6 or 8. *Amended 5/1/21*

30-2309 Retention and selection of dice.

- (1) A set of at least five dice conforming to the specifications contained in 30-1280 shall be offered to each new shooter. Control of the dice at a craps table shall be the responsibility of the stickperson at the table.
- (2) At the commencement of play, the stickperson shall offer the set of dice to the player immediately to the left of the boxperson at the table. If such a player rejects the dice, the stickperson shall offer the dice to each of the other players in turn clockwise around the table until one of the players accepts the dice.
- (3) The first player to accept the dice when offered shall become the shooter who shall select and retain two of the dice offered. The remaining dice of the set shall be returned to the dice cup which shall be placed immediately in front of the craps stickperson.

30-2310 Throw of the dice.

Upon selection of the dice, the shooter shall make a Pass or Don't Pass Bet after which he/she shall throw the two selected die so that they leave his/her hand simultaneously and in a manner calculated to cause them to strike the end of the table farthest from him/her.

30-2311 Invalid roll of the dice.

- (1) A roll of the dice shall be invalid whenever either or both of the die go off the table or whenever one die comes to rest on top of the other.
- (2) The persons listed in (5) below shall have the authority to invalidate a roll of the dice by calling "No Roll" for any of the following reasons:
- (a) The dice do not leave the shooter's hand simultaneously;
 - (b) Either or both of the die fail to strike an end of the table;
 - (c) Either or both of the die come to rest on the chips constituting the craps bank of chips located in front of the boxperson;
 - (d) Either or both of the die come to rest in the dice cup in front of the stickperson or on one of the rails surrounding the table;
 - (e) The use of a cheating, crooked or fixed device or technique in the roll of the dice; and
 - (f) For any other reason the boxperson or stickperson considers the throw to be improper.

- (3) The call of "No Roll" under either paragraphs (a), (b) or (f) of subsection (2) of this section shall, whenever possible, be made before both die come to rest.
- (4) A throw of the dice which results in the dice coming into contact with any chips on the table shall not be a cause for a call of "No Roll".
- (5) "No Roll" may be called by any licensed employee designated by the retail licensee.

30-2312 Point throw; settlement of wagers.

- (1) When the dice come to rest from a valid throw, the stickperson shall at once call out the sum of the numbers on the high or uppermost sides of the two die. Only one face on each die shall be considered skyward.
- (2) In the event either or both of the die do not land flat on the table (for example, one edge of the die is resting cocked on a stack of chips), the side directly opposite the side that is resting on the chips or other object shall be considered uppermost and skyward. If more than one side of a die is resting on a stack of chips or other object, the roll shall be void and the dice shall be re-thrown.
- (3) The first player to accept the dice when offered shall become the shooter who shall select and retain two of the die offered. The remaining dice of the set shall be returned to the dice cup which shall be placed immediately in front of the craps stickperson.

30-2313 Continuation of shooter; selection of new shooter.

- (1) It shall be the option of the shooter, after any roll, either to pass the dice or remain the shooter except that:
 - (a) The shooter shall pass the dice upon throwing a loser 7; or
 - (b) The boxperson may order the shooter to pass the dice if the shooter unreasonably delays the game, repeatedly makes invalid rolls or violates either the Colorado Limited Gaming Act or the Colorado Limited Gaming Regulations.
- (2) If a shooter, after making the Come Out Point, elects not to place a Pass or Don't Pass Bet, and other wagers remain on the table with respect to Come and/or Don't Come numbers, the stickperson shall offer the dice to the player immediately to the left of the previous shooter, as provided for in (3) below. If there are no other players at the table, or if no other players at the table elect to make a Pass or Don't Pass Bet in order to shoot the dice and continue the game, the previous shooter shall be allowed to shoot the dice without a Pass or Don't Pass Bet only for the purpose of effecting a decision on the remaining Come and/or Don't Come Wagers. The On/Off marker shall be placed on the Don't Pass Line in the Off position in front of the shooter in order to indicate that the shooter is rolling the dice only to effectuate a decision for those wagers remaining on the layout. Once the remaining Come and/or Don't Come Wagers have been decided or a player wishes to place a Pass or Don't Pass Bet the game shall proceed in accordance with Regulation 30-2310.
- (3) Whenever a voluntary or compulsory relinquishment of the dice occurs by the shooter, the stickperson shall offer the complete set of five or more dice to the player immediately to the left of the previous shooter and, if he or she does not accept, to each of the other players in turn clockwise around the table.
- (4) The first player to accept the dice when offered shall become the new shooter who shall select and retain two of the die offered. The remaining dice of the set shall be returned to the dice cup, which shall be placed immediately in front of the stickperson.

30-2314 Posting of rules. *Eff 03/01/2012*

Posted house rules and specific rules of conduct shall be clear and legible and placed in a conspicuous and conveniently accessible location available to all players in the room. Rules posted and the place of posting must be approved by the Director or designee. Printed copies of house rules and specific rules of conduct must be provided to players upon request. *Eff 03/01/2012*

30-2315 Craps tournaments. *Eff 03/01/2012*

- (1) Craps tournaments may be conducted by retail licensees as a single event or a series of events culminating with an overall winner. At such tournament, any of the Craps games authorized in this Rule 23 may be played. A tournament must conclude no later than four months following the first day of tournament play. *Eff 03/01/2012, Amended 7/15/14*
- (2) A tournament which will produce adjusted gross proceeds may be conducted by only one licensee; no two or more licensees may jointly conduct such a single tournament. *Eff 03/01/2012*
 - (a) Two or more licensees may jointly conduct a tournament in which the value of all monies collected will be returned to the participants as prizes and will not result in taxable adjusted gross proceeds. *Eff 03/01/2012, Amended 7/15/14*
 - (b) If one tournament is conducted by two or more licensees, one of the licensees shall be designated as being responsible for the tournament, and shall alone have the duty to ensure the proper award of all prizes at the tournament's conclusion. This licensee shall also be responsible for completion and maintenance of all tournament accounting records which pertain to the tournament as a whole. *Eff 03/01/2012, Amended 7/15/14*
 - (c) Licensees participating in a tournament shall ensure that no player is entered in the tournament more than once at any given time during the tournament. However, if permitted by the tournament rules, after a player has been eliminated from the tournament, the player may be allowed to re-enter the tournament as a new and separate entry. Any player found to have two or more concurrent, active entries in a tournament shall be disqualified from tournament play and shall not be eligible to receive any tournament prize. *Eff 03/01/2012, Amended 7/15/14*

30-2315.01 Calculation of adjusted gross proceeds of craps tournament play. *Eff 7/15/14*

Entry fees are considered adjusted gross proceeds and shall be reported as such on the gaming tax return in the month in which the entry fee(s) are collected. If the entry fee is a non-cash item such as a toy, food card, canned good, etc., the licensee must establish a pre-determined cash value (equivalent to the cash entry fee) of the item and record this value as the entry fee on the required tournament form. Complimentary entry fees paid by the licensee shall also be considered adjusted gross proceeds. If an entry fee is collected for the tournament, the licensee must complete a tournament form listing each entrant and the dollar value of the entry fee for each entrant, regardless of how the entry fee was collected or paid. Each entrant listed on the tournament form must have an associated entry fee. Free tournaments where no entry fee is collected for any entrant results in zero adjusted gross proceeds. The licensee may not declare a loss against adjusted gross proceeds for tournaments.

30-2315.02 Cash receipts and prize awards-accounting. *Eff 7/15/14*

Cash received for tournament entry fees must be kept separate and apart from all other cash received by the licensee until such time as it is counted. Cash and merchandise paid out to winners as prize money shall be accounted for on forms specified by the Division.

30-2315.03 Location of tournaments. *Eff 7/15/14*

Each craps tournament may be conducted only upon licensed premises meeting the security and surveillance requirements of the rules and regulations and of the Internal Control Minimum Procedures.

30-2315.04 Qualification of players. *Eff 7/15/14*

At the licensee's discretion, the licensee may establish qualification or selection criteria to limit the eligibility of tournament players. Such criteria, if used, should be reasonably related to limited gaming.

30-2315.05 Entry fee and player buy-in. *Eff 7/15/14*

Neither the amount of the tournament entry fee nor the amount of all allowable player buy-ins may exceed \$100,000. If both an entry fee and buy-ins are used, then the combined amount of both the entry fee and all allowable buy-ins shall not exceed \$100,000.

An Entry Fee is any amount collected for a tournament by the licensee not applied to the prize pool. All buy-ins for the tournament are combined to create the tournament prize pool. The licensee may create a prize pool for each event provided that any funds not awarded from that prize pool are carried forward to and awarded in future events of the tournament.

All buy-ins collected must be paid out to the winners of the tournament or events by the conclusion of the tournament. The licensee may not retain any amount collected as buy-ins. The licensee is allowed to offer complimentary buy-ins provided the dollar value is added to the prize pool. If the buy-in is a non-cash item such as a toy, food card, canned good, etc., the licensee must establish a pre-determined cash value (equivalent to the cash buy-in for the event) of the items and record the value as the buy-in on the required tournament form.

Licenses may offer at the end of an event a prize voucher that can be used to enter future events within the same tournament. If the prize voucher is used as an entry fee and buy-in at the future event in which an entry fee and buy-in are offered, the entry fee value of the voucher and the buy-in value of the voucher shall be documented on the required tournament form. The prize voucher shall be considered a prize pay out and shall be documented on the prize pay out form required by the division.

If the prize voucher is used to guarantee a spot in a future event in which no entry fee and buy-in is offered, the prize voucher shall be considered a buy-in and applied to the prize pool. In this situation, the prize voucher is not considered a prize pay out.

Prize vouchers may only be redeemed by the patron that won the voucher in a previous event.

30-2315.06 Tournament rules of play. *Eff 7/15/14*

The rules of play of each tournament game shall follow the standard rules of play of each game as set forth in Rule 23. The rules for the conduct of each tournament shall be reduced to writing and a copy shall be provided to all tournament players. A copy of the rules must also be provided to the local office of the Division of Gaming at least five days in advance of the scheduled start of the tournament. The Division shall notify the retail licensee of any proposed tournament rules which the Division finds to be unacceptable, and the licensee shall not offer a tournament using the rules found unacceptable. The tournament must be structured so that a player cannot theoretically exceed wagering limitations for the tournament buy-in during the initial rounds of play in the tournament.

30-2315.07 Conduct of tournament. *Eff 7/15/14*

The following rules shall apply to all craps tournament play and must be included in the printed rules for each tournament:

- (1) All players shall receive an equal number of tournament chips for their entry fee and/or initial buy-in at the start of each tournament event. If the tournament rules allow additional chips to be purchased before the start of the event or during the event, each player shall have the same opportunity to purchase additional chips.

- (2) Players are eliminated from tournament events when they lose all their chips and either do not have the option to, or choose not to, purchase additional chips.
- (3) At the option of the retail licensee, the tournament rules may permit remaining players to unanimously agree among themselves to split the prize(s) between or among themselves without the necessity of continuing tournament play to finality.
 - (a) No agreement concerning division of prizes shall be made, or be permitted to be made, with respect to non-cash prizes.
 - (b) The retail licensee's tournament director shall not encourage the final players to end tournament play early, and shall ensure that every qualifying player understands that all agreements concerning an early end to the tournament and concerning the division of the prize fund must be both voluntary and unanimous. If the tournament director feels that any player is being coerced or improperly pressured into an agreement with the other players, the tournament director shall not permit an early end to the tournament.
 - (c) Upon being satisfied that any agreement concerning division of prizes is voluntary and unanimous among the qualified players, the tournament director shall award the prizes in the manner agreed upon by the players, identifying each recipient with the prize actually awarded.
- (4) No player may allow a person to sit in on a tournament game on the player's behalf. No player may wager for another player.
- (5) Only tournament chips on the table at the start of a game may be in play for that game. Concealed chips may not be used in play.

30-2315.08 House rules for tournament play. *Eff 7/15/14*

House rules for the tournament, which must also be included in the printed rules, shall include as a minimum:

- (1) Inclusion of the standard house rules for play of the craps game, or in the alternative, a statement to read: "Except as changed by these tournament rules, tournament play shall follow the house rules of [casino name]."
- (2) The amount of the entry fee, if any, and the amount of the initial player buy-in. The rules must also expressly state whether or not re-buys will be permitted, and if permitted, under what circumstances or conditions.
- (3) How the final round of play is to be determined and how the tournament is to be concluded.
- (4) How many prizes are to be awarded, and the exact description of each prize.
- (5) Any additional house rules which change the normal play of the game in the licensed establishment.

30-2315.09 Tournament chips required. *Eff 03/01/2012, Amended 7/15/14*

- (1) All wagers must be made with approved tournament chips provided by the licensee. Currency and coins must be exchanged for tournament chips prior to the start of play. No currency, coins, chips other than tournament chips, or other thing of value may be used as wagers. Tournament chips shall have no cash value, and shall represent tournament points only. There shall be no limitation on the size of a wager made with tournament chips. Tournament chips may never be redeemed for cash or for any other thing of value, except that the point total represented by the

players' accumulations of tournament chips shall be used to determine the winners and/or final place in a tournament. *Eff 03/01/2012, Amended 7/1/13, Amended 7/15/14*

- (2) If the tournament chips in play are not imprinted with a number representing the actual number of points which the chip represents, each tournament table must display a notice visible to all players which describes the currently assigned point value to each different color of chip. The point value assigned to each color of chip may change between rounds of tournament play, but the required notice must always reflect the current values. *Eff 03/01/2012*

Use of a tip storage device, must be exclusively for temporary holding, prior to exchanging lower denomination chips for a higher denomination chip to place into the lockbox. The placement of tips into a tip storage device prior to exchange shall be deemed to comply with C.R.S. 44-30-820, as it applies to immediately dropping tips.
- (2) Any restrictions on dealer tip wagers must be posted at the table or as wall signage. A retail licensee may allow player controlled tip wagers. A player controlled tip wager, once posted, is the dealer's money to be won or lost. Prior to offering player controlled tip wagers, the retail licensee must submit detailed house rules to the Division, detailing how player controlled tip wagers will be handled. Specifically, the retail licensee must address at what point the player controlled tip wager, if won, concludes and when it must be placed into a tip storage device or dropped. *Amended 11/14/21*

(Former regulation 30-2318 was relocated and renumbered to 30-2317, effective 12/15/17)

30-2318 Irregularities.

When any irregularity occurs, the dealer shall notify the boxman or pit supervisor, who shall direct the dealer to take the most appropriate action which the boxman or supervisor believes to be fair and equitable, and shall observe such action being taken. 30-2319 Procedure for accepting cash at craps table. *Effective 12/15/17*

30-2399.01 The Play – Craps with Fire Bet. *Effective 11/30/2012*

Fire Bet is a patented and trademarked Craps Variation Game, the rights to which on January 1, 2012 were owned by Shuffle Master Gaming of Las Vegas, Nevada and which may be transferred or assigned. Craps with Fire Bet must be played according to the following rules:

- (1) Fire Bet may be played only on tables displaying the Fire Bet layout.
- (2) Fire Bet is an optional additional wager for craps. Players may make this bet right before the come-out roll of a new shooter. These bets will be in the amount specified at the table by the retail licensee.
- (3) Players must place their fire bet wager in the marked area. Dealers will then move the bets to the appropriate betting circles.
- (4) A Fire Bet cannot be taken down or “called off” once the new shooter has established the *initial* point.
- (5) Any dealer tip delivered as a Fire Bet wager may be placed at the top of the Fire Bet numbering area or piggy-backed (dealer bet sits on top of the player’s bet slightly pushed forward) on top of the player’s Fire Bet numbering spot wager.
- (6) Lammers shall be used to keep track of each “Individual Point” that the shooter has successfully made. For example: once a point has been successfully made, a Fire Bet Lammer will replace the standard (larger, white) puck that was used to denote that “point”. The Fire Bet Lammers will be placed accordingly as additional “Individual Points” are made until a “Seven Out” occurs or an ultimate Fire Bet Payoff threshold has been reached.
- (7) The Fire Bet Wager shall be paid according to the number of “Individual Points” the shooter successfully makes before the dice “Seven Out”. *Note: The term “Individual Points” shall mean, when a point is successfully made from the pool of possible points (4, 5, 6, 8, 9, 10) more than once, it shall neither advance nor subtract from the player’s goal of reaching a Fire Bet payoff threshold. Thus, making a point more than once, will only count as *one “individual point”* made.
- (8) Points do not have to be in any specific order.
- (9) Winning or losing on the “Come Out” roll will not affect this side bet. Only the “Seven Out” or successfully making all (6) Individual Points will terminate the bet.
- (10) Pay outs are made after the shooter – assuming he or she has made at least three passes – “Sevens Out.” Dealers will clear all losing bets first, and then pay winners, including the Fire Bet. Bets will be paid in *numerical order* in conjunction with a player’s betting position after all usual “take and pay procedures”.

- (11) As this is a “multi-level” payoff structure, only the highest payoff level met will be paid. *Example:* If five (5) “Individual Points” are successfully made, only the (five) point payoff will be made and not the lesser payoff threshold met.
- (12) The pay schedule in use, or pay outs derived from the pay schedules, must be displayed on the table layout or on signage at the table:

Points	FB-1	FB-2	FB-3	FB-4
6	1,000 for 1	999 to 1	300 for 1	299 to 1
5	250 for 1	249 to 1	150 for 1	149 to 1

- (2) Sharp Shooter is an optional wager for craps. Players may make this bet right before the come-out roll of a new shooter. These bets will be in the amount specified at the table by the retail licensee.
- (3) Players must place their Sharp Shooter Wager in the marked area. Dealers will then move the wagers to the appropriate betting circles.
- (4) Any dealer tip delivered as a Sharp Shooter wager may be placed at the top of the Sharp Shooter numbering area or piggy-backed (dealer bet sits on top of the player’s bet slightly pushed forward) on top of the player’s Sharp Shooter numbering spot wager.
- (5) When a player makes a point, the stickman, boxman, or dealer will use a lammer to keep track of the number of passes. *Amended 7/1/13*
- (6) Players win if the shooter makes at least three points before a “Seven-Out”. The more points he or she makes, the higher the pay outs.
- (7) If a shooter makes 10 points, the Sharp Shooter bet pays the top award and the sequence ends.
- (8) Pay outs are made after the shooter—assuming he or she has made at least three passes—“Sevens-Out”. Dealers will clear all losing bets first, and then pay winners, including the Sharp Shooter Wagers.
- (9) The pay schedule in use, or pay outs derived from the pay schedules, must be displayed on the table layout or on signage at the table:

30-2399.04 The play – Craps with Ride The Line. *Effective 10/16/13, Amended 2/14/16*

Ride The Line is a craps variation game, the rights to which are owned by Score Gaming, LLC of Henderson, Nevada and which may be transferred or assigned. Craps with Ride The Line must be played according to the following rules.

- (1) Ride The Line may be played only on tables displaying the Ride The Line layout.
- (2) Ride The Line shall be played using all standard craps equipment, including two die, a point marker, and all standard equipment used to play the traditional game of craps.
- (3) No changes will be made to the standard play, procedures or pay outs of craps except where described below for the outcome of the Ride The Line wager.
- (4) The Play of the Ride The Line wager requires at least one shooter/player to make a Pass Bet or Don't Pass Bet per House minimums and maximums and a Ride The Line wager per house minimums and maximums.
- (a) Table signage will be present depicting the house minimums and maximums for all wagers including the Ride The Line wager.
- (5) All players who have bet the Pass Bet and/or the Don't Pass Bet may also bet the Ride The Line wager. Players who have not bet the Pass Bet or Don't Pass Bet will not be eligible to play the Ride The Line wager.
- (6) The Ride The Line wager must be placed in the designated spot on the craps table marked for the Ride The Line wager. The wager may be placed at any time during the shooter/player's roll, provided the shooter/player has not yet rolled a seven or eleven on the come out roll(s) or after a point has been established.
- (a) Once the shooter/player has rolled a seven or eleven on the come out roll(s), or when an established point has been made, the designated casino staff will announce the Ride The Line wager is now closed for the entirety of the current shooter/player's complete round of craps defined as when the shooter/player sevens-out.
- (7) Once placed, the shooter/player cannot take down, increase, or decrease the amount of the Ride The Line wager. The wager must be played until it is resolved by winning, losing, or pushing as described below.
- (8) At the discretion of the retail licensee, the shooter/player that has placed the Ride The Line wager may be permitted to place tip wagers for the dealer on the Ride The Line wager. If such tip wagers are accepted, winning wagers must be paid at the same odds as the shooter/player's

- winning wager. The retail licensee may require tip wagers to be in an even dollar amount, and may limit the maximum amount of such tip wagers.
- (9) The object of the Ride The Line wager is for the shooter/player to roll as many sevens or elevens on the come out roll(s) and/or make as many points as possible during a shooter/player's complete round of craps.
- (a) A shooter/player's complete round of craps is defined as the period between the shooter/player's first come out roll and the shooter/player sevening out.
- (b) The seven which results in a seven-out is not counted in determining the total number of "points" the shooter/player rolls in their complete round of craps. The count is determined by the amount of come out rolls of seven and/or elevens and/or points made prior to the seven-out.
- (c) All further rules will apply to a shooter/player's complete round of craps.
- (10) Rolling three (3) sevens and/or elevens on the come out roll(s) and/or points made, provides the minimum pay out per the established pay table.
- (a) However, the casino may select a pay table where the Ride The Line wager may be returned to the shooter/player, i.e. treated as a push, instead of losing if the shooter/player rolls two (2) sevens and/or elevens on the come out roll(s) and/or points made.
- (11) Rolling eleven (11) sevens and/or elevens on the come out roll(s) and/or points made, provides the maximum pay out per the established pay table. Additional sevens and/or elevens that are rolled after the shooter/player reaches the maximum of eleven (11) do not affect the outcome of the Ride The Line wager.
- (12) Per pay table 1: If the shooter/player rolls less than two (2) sevens and/or elevens on the come out roll(s) and/or points made during their complete round of craps, the Ride The Line wager will lose and will be collected by the appropriate casino staff.
- (13) All winning Ride The Line wagers are paid at the end of the shooter/player's complete round of craps.
- (14) The Stickman or Boxman will use a single lammer, proprietary to Score Gaming, to keep track of the number of sevens and/or elevens rolled on the come out roll(s) and/or points made every time a new shooter/player begins the round of craps, even if there are no Ride The Line wagers active on the table.
- (15) The lammers, by definition, have no monetary value.
- (16) The lammers will not have any identifying number on them.
- (17) The lammers will be kept on the table.
- (18) If/when the first come out roll of seven and/or eleven is rolled, or when the first point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the first come out roll of seven or eleven or point has been rolled and announce the Ride The Line wager is closed. No more wagers can be placed until the shooter/player finishes their complete round of craps.
- (19) If/when the second come out roll of seven and/or eleven is rolled or when the second point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the second come out roll of seven or eleven or point has been rolled.

- (20) If/when the third come out roll of seven and/or eleven is rolled or when the third point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the third come out roll of seven or eleven or point has been rolled.
- (21) If/when the fourth come out roll of seven and/or eleven is rolled or when the fourth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the fourth come out roll of seven or eleven or point has been rolled.
- (22) If/when the fifth come out roll of seven and/or eleven is rolled or when the fifth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the fifth come out roll of seven or eleven or point has been rolled.
- (23) If/when the sixth come out roll of seven and/or eleven is rolled or when the sixth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the sixth come out roll of seven or eleven or point has been rolled.
- (24) If/when the seventh come out roll of seven and/or eleven is rolled or when the seventh point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the seventh come out roll of seven or eleven or point has been rolled.
- (25) If/when the eighth come out roll of seven and/or eleven is rolled or when the eighth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the eighth come out roll of seven or eleven or point has been rolled.
- (26) If/when the ninth come out roll of seven and/or eleven is rolled or when the ninth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the ninth come out roll of seven or eleven or point has been rolled.
- (27) If/when the tenth come out roll of seven and/or eleven is rolled or when the tenth point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the tenth come out roll of seven or eleven or point has been rolled.
- (28) If/when the eleventh come out roll of seven and/or eleven is rolled or when the eleventh point is made, the stickman or boxman will place the lammer on the designated spot on the table representing the eleventh come out roll of seven or eleven or point has been rolled. The lammer will stay on this designated spot until the shooter/player sevens out.
- (29) Winning Ride The Line wagers will be paid per the established pay table and losing Ride The Line wagers will be collected by the appropriate casino staff/dealer at the end of the shooter/player's complete round of craps. The Ride The Line wager will always be resolved before the dice are rolled by the new shooter/player.
- (30) After the shooter/player sevens-out and the roll is over for that shooter/player, the Ride The Line wager may be played again at any amount from the posted house minimum and maximum, and must be placed before the new shooter/player's first come out roll.
