

Public Health and Safety Advisory

August 16, 2019 - The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a health and safety advisory due to the identification of potentially unsafe levels of microbial contamination on medical marijuana and retail marijuana produced by Herbal Wellness LLC. CDPHE and DOR deem it a threat to public health and safety when marijuana is found to have levels of microbial contaminants above the acceptable limits established in MED Rule M 712 and R 712.

The DOR has also identified harvest batches of medical marijuana and retail marijuana produced by Herbal Wellness LLC that were not tested in accordance with MED Rules M 1501 and R 1501. Consumers who have these affected products in their possession should return them to the retail store from which they were purchased so they can be properly disposed of.

All affected marijuana has a label affixed to the container that, at a minimum, indicates the license number of the **medical or retail** marijuana business that cultivated the marijuana as well as the Harvest Batch number assigned to the marijuana. Consumers should check the label of their **medical** marijuana or **retail** marijuana for the following License Numbers and Harvest Batch Numbers. **Any inconsistencies in the Harvest Batch Number formats are a result of the licensee labeling procedures. Look for this specific language on the label of your marijuana product.**

Medical Marijuana Cultivation Facility License 403-01050 and/or Medical Marijuana Center License 402-00698

Contaminated Harvest Batch numbers:

- Lemon Train (07/09/19)
- King Jack (07/01/19)
- Chernobyl (07/01/19)
- Sunburn (6/28/19)
