Rule Efficiencies Introduction

IV. Introduction of MED Focus Areas

The MED has decided to host an additional meeting to ensure we have enough opportunity for all voices to be heard regarding rule efficiencies and catch-all rule revisions. We will have an **open discussion of Rule Efficiencies and Catch-All Rule Revisions on October 12, 2023, from 9:00 a.m. - 12:00 p.m.**

MED's focus areas for rule efficiencies include:

1. Inventory Tracking Rules - Tag Requirements
2. Business License renewal application alignment

Stakeholders are invited to submit written comments raising other provisions of rules that can be revised within the State Licensing Authority's delegated authority and would support efficiencies.
