Racing

Editor's note: This article 32 was added with relocations in 2018. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated. For a detailed comparison of this article 32, see the comparative tables located in the back of the index.

PART 1

GENERAL PROVISIONS

44-32-101. Legislative declaration. (1) The general assembly finds, determines, and declares that:

(a) The provisions of this article 32 are enacted through the exercise of the police powers of this state for the protection of the health, peace, safety, and general welfare of the people of this state;

(b) Horse racing is an inherently dangerous sport. Race horses weigh in excess of one thousand pounds, are almost six feet in height at the withers, and can run faster than thirty miles per hour. Horse racing brings significant physical risks to humans and horses. Jockeys and other persons working with horses have been injured before, during, and after horse races, occasionally resulting in death. As a result of these risks, it is crucial that persons working with horses in racing must at all times be free of any substances that might impair their judgement, reflexes, or ability to control a horse. Recent drug testing of horse racing licensees has shown instances of illegal drug use and consumption of alcohol in excess of statutory limitations, which

could, therefore, endanger both human and equine participants. The most effective method of preventing alcohol and drug abuse and ensuring the safety of all persons and animals included in the sport of horse racing is to establish a program of alcohol and drug testing.

(c) The purposes of this article 32 include:

(I) Promoting racing and the recreational, entertainment, and commercial benefits to be derived therefrom;

(II) Raising revenue for the general fund;

(III) Establishing high standards of sport and fair play;

(IV) Protecting the health and safety of all participants, human and animal, involved in racing events both on and off the racetrack; and

(V) Fostering honesty and fair dealing in the racing industry.

(2) This article 32 shall be liberally construed for all the stated purposes in this section.

Editor's note: (1) This section is similar to former § 12-60-101 as it existed prior to 2018.

(2) This section was numbered as § 12-60-101 in SB 18-172. That section was harmonized with and relocated to this section as this section appears in HB 18-1024.

44-32-102. Definitions - rules. As used in this article 32, unless the context otherwise requires:

Such class A track may begin to operate as a simulcast facility after the commission has approved its application for simulcasting and its application for race dates to hold a race meet within the following twelve months. Applications submitted to the commission shall include a provision for the establishment of a purse fund that complies with this article 32 and the rules of the commission.

(3) "Class B track" means a track, located within the state of Colorado, at which a race meet of horses, consisting of thirty or more race days, is being conducted or was being conducted during the immediately preceding twelve months.

(II) An additional facility that is operated by and is the responsibility of the licensee of a class B horse track, located in Colorado, and used for the handling of wagers placed on simulcast races received by the track or facility. The number of additional facilities cannot exceed the total number of facilities licensed to hold a race meet in 2003 plus one additional facility per licensee as authorized under this article 32.

There may be simulcast facilities in more than one state simultaneously combining pari-mutuel pools into the common pool of the host track. Where permitted by the laws and rules of the states in which the host track and the simulcast facilities are located and with the concurrence of the host track, the combined pari-mutuel pool may be established on a regional or other basis between two or more simulcast facilities and need not involve a merger into the host track's pari-mutuel pool. In such instances, one of the simulcast facilities shall serve as if it were the host track for the purposes of holding the common pool and calculating payoffs. The interstate common pool shall be as specified in the written simulcast racing agreement between the host track and the person operating the simulcast facility receiving the simulcast races.

(13) "Intrastate common pool" means a pari-mutuel pool, established for an in-state host track, that includes wagers made at the in-state host track as well as wagers made at in-state simulcast facilities on simulcast races of live races run at the in-state host track.

(14) "Licensee" means any person holding a current, valid race meet license issued pursuant to section 44-32-505 and any person holding a current, valid license or registration issued by the commission pursuant to sections 44-32-503 and 44-32-504. The commission, by rule, shall determine which occupational categories shall be licensed and which shall be registered. Except in connection with the licensing of race meets, the term "license" includes a registration and "applicant" includes an applicant for a registration.

(15) "Out-of-state host track" means a track, located within a state other than Colorado, that is licensed or otherwise properly authorized under the laws of the state to conduct live races of horses and to broadcast the races as simulcast races and that broadcasts the simulcast races to an in-state simulcast facility.

(19) "Person" means any individual, partnership, firm, corporation, or association.

(20) "Race meet" means any live exhibition of racing involving horses registered within their breed, conducted at a track located within the state of Colorado and operated by a licensee under a license granted pursuant to section 44-32-505, where the pari-mutuel system of wagering is used.

The commission shall cause the stables to be visited and inspected at least once a year by its members or employees and shall require all such places to be constructed, maintained, and operated in accordance with the laws of this state and the rules of the commission.

(2) (a) (I) The commission shall, at its own expense, regulate the operations of pari-mutuel machines and equipment, the operations of all money rooms, accounting rooms, and sellers' and cashiers' windows, and the weighing of jockeys.

(II) The commission shall at its own expense take or cause to be taken saliva, urine, blood, hair, or other body fluid samples or biopsy or necropsy specimens from horses selected by the commission or its employees at race meets provided for under this article 32 or when concerns are raised as to a particular animal, including the winner of a race, and shall test and determine the samples or specimens or cause the samples or specimens to be tested and determined.

(III) To protect the health and safety of licensees, racing employees, and the general public, and to ensure the orderly conduct of race meets, the commission may at its own expense take or cause to be taken, for cause or by random selection, saliva, urine, blood, hair, or other body fluid samples from licensees. The commission shall promulgate reasonable rules identifying the license categories subject to testing. The commission shall designate license categories subject to testing based on the nature of the work performed or proximity to dangerous conditions in the sport of horse racing. Samples may be collected by division employees or by certified contractors in connection with race meets. The rules must include a listing of prohibited substances. The commission shall test and determine the samples or specimens, or cause the samples or specimens to be tested, to determine the presence of any prohibited substance that may cause impairment, or mask or dilute the presence of a prohibited substance.

(IV) The commission, at its own expense and in addition to other employees, shall employ or contract with competent doctors, accountants, chemists, and other persons necessary to supervise the conduct of race meets and to ascertain that this article 32 and the rules of the commission are strictly complied with. The commission shall also seek innovative and efficient methods of testing humans and horses for prohibited substances to ensure the safety of humans and horses and maintain the integrity of racing. Through its bidding process, the commission shall invite laboratories to include proposals for testing procedures and methods that would

maintain or improve the effectiveness of test results and minimize testing cost incurred by the state or the racing industry.

(b) The commission shall establish and require compliance with internal control procedures for licensees, including accounting and reporting procedures.

(c) The commission shall license and regulate persons who manufacture or operate totalizators and shall require all totalizators to be manufactured, maintained, and operated in accordance with the laws of this state and rules of the commission.

(d) The commission may license and regulate persons outside of Colorado who conduct pari-mutuel wagering on simulcast races and who accept wagers from Colorado residents at out-of-state simulcast facilities, and shall require out-of-state simulcast facilities to be maintained and operated in accordance with the laws of this state and rules of the commission. Source market fees imposed on persons licensed under this subsection (2)(d) shall not exceed ten percent of the gross receipts of all pari-mutuel wagering by Colorado residents conducted by the persons at out-of-state simulcast facilities.

(3) The commission shall license and regulate all in-state simulcast facilities conducting pari-mutuel wagering and shall require all such in-state simulcast facilities to be maintained and operated in accordance with the laws of this state and rules of the commission.

(3.5) An additional facility, as described in section 44-32-102 (11)(a)(II), must not be located within fifty miles of any class B horse track operated by another licensee without the written consent of the other licensee. The commission shall establish by rule the means of obtaining the consent.

(4) The commission shall, at its own expense, specifically regulate the operation by in-state simulcast facilities of pari-mutuel machines and equipment, the operation of all money and accounting facilities, and the operation of sellers' and cashiers' windows and ensure that the in-state simulcast facility is handling wagering as part of the pari-mutuel system of the appropriate track or simulcast facility and as part of the appropriate pari-mutuel pool, as designated in section 44-32-703. For such purposes, the commission, at its own expense, and in addition to other employees, shall employ the competent personnel necessary to supervise the wagering through in-state simulcast facilities and to ascertain that this article 32 and the rules of the commission are strictly complied with.

(5) A licensed track or its additional facility may be used for nonracing events upon advance notice to the commission, subject to the authority of the commission and the division to take all measures reasonably necessary to ensure that the nonracing events do not interfere with the safe and proper conduct of racing or the suitability of the track for racing.

44-32-503. Rules of commission - licensing - record check. (1) (a) The commission shall make reasonable rules for licensees to ensure:

- (I) Fair play;
- (II) The proper and safe conduct of the sport of horse racing;
- (III) The health, safety, and welfare of persons and horses involved in a racing meet; and
- (IV) The high standards and integrity of the sport of horse racing.

(a.5) The commission rules shall also provide for the control, safety, supervision, fingerprinting, identification, and direction of applicants, registrants, and licensees. Commission rules shall provide for:

- (I) The supervising, disciplining, suspending, fining, and barring from racing of all persons required to be licensed or registered by this article 32;
- (II) A program for testing designated licensees for cause or by random selection to detect prohibited substances; and
- (III) The holding, conducting, and operating of all races, race meets, racetracks, in-state simulcast facilities, and out-of-state wagering on simulcast races conducted pursuant to this article 32. The commission shall announce the place, time, number of races per day, duration of race meets, as provided in section 44-32-603, and types of race meets.

(b) The commission may issue a temporary license or registration for up to a maximum of ninety days for any license or registration authorized under this article 32.

(2) Every person holding a license or registration under this article 32, every person operating an in-state simulcast facility, and every owner or trainer of any horse entered in a racing contest under this article 32 shall comply with the commission's rules and orders. It is unlawful for a person to work upon the premises of a racetrack without first obtaining from the commission a license or registration under this article 32; except that the commission may waive this licensing or registration requirement for occupational categories that the commission, in its discretion, deems unnecessary to be licensed or registered. This licensing or registration requirement does not apply to the members of the commission or its employees or to persons whose only participation is individually as spectator or bettor. It is unlawful for a person who owns or leases a racing animal to allow the animal to race in this state without first obtaining an owner's license or registration from the commission, as prescribed by the rules of the commission. The commission may extend the validity of a license issued for a period not to exceed three years, and the fee for the license shall be increased proportionately; except that no temporary license or registration may be issued for a period longer than ninety days. It is unlawful for a person to hold a race meet with pari-mutuel wagering without obtaining a license

for pari-mutuel wagering. It is unlawful for a person to operate an in-state simulcast facility unless that person is a licensee that has been licensed within the year to hold a race meet or is a licensee that has a written simulcast racing agreement with the in-state host track or out-of-state host track from which the simulcast race is broadcast and has filed a copy of the written simulcast racing agreement with the commission before operating as an in-state simulcast facility.

(3) No person holding a license under this article 32 shall extend credit to another person for participation in pari-mutuel wagering.

(4) (a) With the submission of an application for a license granted pursuant to this article 32, each applicant shall submit a set of fingerprints to the commission. The commission shall forward the fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. Only the actual costs of the record check must be borne by the applicant. Nothing in this subsection (4) precludes the commission from making further inquiries into the background of the applicant.

(b) When the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (4) reveal a record of arrest without a disposition, the commission shall require that applicant to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

44-32-504. Business licenses. (1) Every application for a business license, excluding applications for initial or renewal race meet licenses pursuant to sections 44-32-505 and 44-32-512, shall be made under oath and filed with the commission and shall set forth the information as the rules of the commission may require in connection with the application.

(2) To determine whether a license shall be granted, the commission shall have the right to examine the financial and other records of the applicant and to compel the production of records and documents.

(3) The commission has discretion to grant or deny a business license if it finds that any applicant or any of the directors, officers, or original stockholders of a corporate applicant have violated any of the provisions of this article 32 or any rules of the commission, or failed to pay any of the sums required under this article 32, or as it determines, from the application, the character, financial ability, and experience of each individual applicant or the officers and director of each corporate applicant to be for the best interests of the state and the racing industry.

(4) When conducting investigations pursuant to this section, to the extent possible, the commission shall utilize investigative information of other state racing jurisdictions. The commission may investigate an existing licensee who is seeking to acquire ownership of another existing license.

(5) Any unexpired license held by any person who has been convicted by the commission of violating any of the provisions of this article 32 or any rule of the commission, or who has willfully or fraudulently made any false statement in any application for a license, or who fails to pay to the commission any and all sums required under the provisions of this article 32 is subject to cancellation or revocation by the commission.

(6) The commission shall have the power to issue subpoenas for the appearance of persons and the production of documents and other things in connection with applications before the commission or in the conduct of investigations.

44-32-505. Meet licenses. (1) Every initial application for a license to hold race meets under this article 32 shall be made under oath and shall be filed with the commission on or before a day fixed by the commission and shall set forth the time, the place, and the number of days the meet shall continue; the kind of racing proposed to be conducted; the full name and address of the applicant and, if a corporation, the names and addresses of all of its officers and directors and all of the holders of each class of its stock and the amount of stock of each class so owned by each stockholder; the location of the racetrack and whether the racetrack is owned or leased; the names and residences of the owners of all property leased by the applicant; a statement of the assets and liabilities of the applicant; a description of the qualifications and experience of the applicant if an individual or of its officers and directors if a corporation; a full disclosure of all holding or intermediary companies associated with the applicant, as well as their shareholders, all contracts that relate to the race meet, audited balance sheets of corporate applicants, excluding nonprofit associations, and the terms and conditions of all contracts by which the applicant has received credit; a description of the land uses within a radius of two miles of the establishment in which the race meet is proposed to be conducted; and the incidental information as the rules of the commission may require in connection with the application.

(2) Upon the filing of the application, the commission shall fix a date for a hearing on the application, and the applicant shall give public notice of the time and place of the hearing by publication in one issue of a daily or weekly newspaper of general circulation in the area in which it is proposed to conduct the race meet and by posting on the site of the proposed race meet a notice, in form and size to be determined by the commission, that the application has been filed and the date and place of the hearing thereon. At the time and place mentioned in the notice, the commission shall conduct a public hearing at which evidence for and against the granting of the application may be presented.

(3) Except as otherwise limited by the provisions of this article 32, in considering an application for a license under this section, the commission may give consideration to the number of licenses already granted, and to the location of tracks previously licensed, and to the

sentiments and character of the community in which the proposed race meets are to be conducted, and to the ability, character, and experience of each individual applicant or the officers and directors of each corporate applicant. The commission may require of every applicant for a license to hold a race meet, except a public nonprofit association, nonprofit corporation, or nonprofit fair, including the Colorado state fair and all county fairs, who has not, within five years prior to making an application for a license to hold a race meet, operated a race meet in the county, city, or city and county in which it is proposed to hold the race meet, a recommendation in writing of the board of county commissioners of the county in the event the race meet is to be held in unincorporated areas of the county or of the governing board of a city or city and county if the proposed race meet is to be held within a city or city and county. The commission may take the recommendation into consideration before granting or refusing the license. The commission may deny a license to operate a new racetrack to a person who is already licensed to operate a racetrack within this or any other state if, in the opinion of the commission, the granting of the license would discourage legitimate competition from other qualified applicants. The commission shall investigate any applicant and shall require the applicant to pay the actual cost of investigating the application as part of the fees and costs imposed pursuant to section 44-32-506. The applicant shall advance the money necessary for the investigation to the commission, and the commission shall return any unused portion of the money to the applicant at the conclusion of the commission's investigation. The advance of the money may either be made directly to the commission or the money may be deposited into escrow in a manner approved by the commission.

(4) The commission may grant or refuse licenses to conduct race meets under this article 32 as it determines, from the application, the character, financial ability, and experience of each individual applicant or the officers and directors of each corporate applicant, the sentiments of the community and the character of the area wherein it is proposed to conduct the race meets, and the evidence presented at the hearing, to be for the best interests of the state, the racing industry, and the area in which it is proposed to conduct the race meets.

(5) The commission has discretion to grant or deny a race meet license if it finds that any applicant has, or any of the directors, officers, or original stockholders of a corporate applicant have, violated any of the provisions of this article 32 or any rules of the commission or failed to pay any of the sums required under this article 32.

(6) Every license issued under this article 32 shall specify the number of days the licensed race meet shall continue and the number of races per day. No license shall be granted to any individual who is not a bona fide resident of Colorado nor to any foreign corporation. Every applicant shall agree that, if granted a license under this article 32, the applicant will not thereafter sell, mortgage, or otherwise pledge or dispose of any of the assets listed and described on the application for a license or a renewal license without thirty days' prior notice to the commission, which may approve or disapprove the disposition of assets upon good cause shown. The charter of all corporate applicants shall contain a provision that, when a cumulative ten percent or more of the voting stock of the corporation is to be sold, mortgaged, or otherwise pledged or transferred, thirty days' prior notice shall be given to the commission. The corporation shall pay an investigation fee to the commission as part of the fees and costs imposed pursuant to section 44-32-506. The commission shall approve or disapprove of the disposition of the stock, upon good cause shown, within ninety days of the filing of a completed application for transfer. The commission has the power to ascertain if any capital stock of any

corporate applicant or licensee is held with the intent to mislead or deceive the commission for an undisclosed principal. The involvement of an undisclosed principal shall be grounds for the denial, suspension, or revocation of a license.

(7) Upon petition by the licensee and a finding by the commission that it is impossible or impractical for a licensee, because of fire or act of God or other unforeseeable emergency not caused or participated in by the licensee, to conduct a race meet upon the dates allocated or upon a racetrack designated by the commission to the licensee, other dates and locations may be substituted and granted to the licensee. A licensee so petitioning may be granted the right to lease and utilize any other licensee's facilities for the term of the petitioning licensee's annual permit or any portion thereof, but the grant shall not be construed to allow any licensee more days of racing in any year than are prescribed by this article 32.

(8) When conducting investigations pursuant to subsections (3) and (6) of this section, to the extent possible, the commission shall utilize investigative information of other state racing jurisdictions. The commission may investigate an existing licensee who is seeking to acquire ownership of another existing license to conduct race meets.

44-32-511. Racing of standardbred harness horses. (1) Notwithstanding any other provision of this article 32 to the contrary, the commission shall grant licenses to conduct the racing of standardbred harness horses pursuant to the provisions of this article 32 and in accordance with subsections (2) and (3) of this section.

(2) The licenses granted may be issued to conduct not more than three race meets in any one year at a racetrack specifically designed and used for the racing of no animals other than standardbred harness horses, but the race meets may not be held on the same dates as race meets authorized by the commission for animals other than standardbred harness horses that are held within forty miles of the track licensed for the racing of standardbred harness horses. In addition, licenses may be issued by the commission to conduct three race meets for the racing of standardbred harness horses in any one year at any racetrack at which horse race meets are held and that is not within forty miles of any other racetrack licensed for the racing of horses or the racing of standardbred harness horses.

(3) No tracks licensed for the racing of standardbred harness horses may be located within forty miles of one another, but the tracks may be located within forty miles of any track licensed for the racing of animals other than standardbred harness horses subject to the limitations in subsection (2) of this section.

(4) The provisions of subsection (3) of this section shall not restrict the right of a county to conduct extended standardbred harness horse race meets, upon being licensed by the commission, at a county fairground if the race meets are not within fifteen miles of any racetrack licensed in Colorado for the racing of horses.

44-32-512. Eligibility to operate race meets - renewal or revocation. (1) (a) No person shall be eligible to operate a race meet under a license issued under the provisions of this article 32 unless the person is the owner or controls the possession of a properly constructed racetrack suitable for the conduct of racing and improved with safe and suitable grandstands; equipped with reasonably sanitary accommodations and also such accommodations, including track conditions, as the commission may require for the care and control of the animals racing at the meet; and also such other improvements as, in the opinion of the commission, may be required for the protection of the public, human and animal participants, and others likely to be present at the race meet. In consideration of the location of the track and other structures and erections and the probable capacity requirements to accommodate the crowd and the number of people that will reasonably be expected to occupy the grandstands and attend the race meets, a major racing operation license shall not be issued for the racing of horses at a class A track that is within forty miles of any other major racing operation licensed under this article 32 for the racing of horses at a class A track; nor shall a major racing operation license be issued for the racing of horses at a class B track that is within forty miles of any other major racing operation licensed under this article 32 for the racing of horses at a class B track. In no event shall any racing operation licensed under this article 32 for the racing of horses at a horse track located within forty miles of the Colorado state fair and industrial exposition conduct race meets of horses on the same dates as the race meets of horses at the state fair.

(b) As used in subsection (1)(a) of this section, "major racing operation" means nonprofit corporations and commercial tracks conducting race meets that exceed fifteen racing days.

(2) Applications for renewal of a license shall be filed with the commission on or before a day fixed by the commission and shall set forth the name of the applicant and if a corporation the names and addresses of its officers and directors with a list attached thereto of the names and addresses of all the holders of its stock, as of a date not more than thirty days prior to the filing of the application, and the amount of voting stock held by each stockholder. If any of its voting stock is known by any applicant to be registered in the name of a person not the actual owner thereof, the list shall also show the name and address of the actual owner.

(3) The application shall set forth the proposed dates of race meets, the dates within the race meets on which the applicant intends to conduct racing at the meet and the number of races intended to be run on the dates, and the address of the establishment where the meets are to be held and shall have attached thereto the most recent financial statement of the applicant as of a date not more than twelve months prior to the date of the application for renewal of the license. The application shall also contain such other information as the rules of the commission may

provide to ensure that the licensee is conducting race meets in accordance with the provisions of this article 32 and the rules of the commission. To determine whether an application for renewal of the license to conduct race meets shall be granted, the commission shall have the right to examine the financial and other records of the licensee, to compel the production of records and documents, to conduct hearings, to summon witnesses, and to administer oaths.

(4) (a) As soon as is practicable after the date fixed for the filing of applications for renewal, the commission shall meet and determine the granting or denial thereof. If the commission finds that the applicant has fully complied with the requirements and conditions for renewal, the application for renewal shall be granted, and the commission shall allot and assign to the respective applicants, in the manner stated in this subsection (4), dates for race meets and dates for racing within the race meet and the number of races on the dates.

(b) Except as otherwise provided in this article 32, the commission may allot different dates for race meets, different dates for racing within a race meet, and a different number of races on the dates from those requested in the application for renewal. In making its allotment of dates, the commission shall endeavor to allot to each applicant the dates requested by the applicant in the application, after giving due consideration to all factors involved, including the interests of the applicant and the public and the best interests of racing. In its allotment of dates, the commission shall also endeavor, whenever possible, to avoid a conflict in live horse race dates between class A tracks or between class B tracks located within fifty miles of each other; except that the commission may allot dates to a state, county, or other fair commission or association holding not more than one race meet annually for a period not exceeding six days, despite the fact that the dates conflict with the dates allotted to another applicant conducting live horse racing. When the granting of requested initial or renewal race dates would result in a conflict, the commission may grant race dates so as to avoid conflict to the extent possible, giving preference to requests for race dates from license applicants whose licensed race meet in the previous year included the same dates.

(5) In the event the commission finds that any applicant for a renewal of a license to conduct race meets under this article 32 has violated any of the provisions of this article 32 or any rule of the commission, or has willfully or fraudulently made any false statement in an original application for a license to hold race meets or for the renewal of the license, or has failed to pay the commission any sums required by this article 32, or lacks the ability, experience, or finances to conduct race meets, the commission may refuse to grant a renewal of the license.

(6) Any unexpired license held by any person who has been convicted by the commission of violating any of the provisions of this article 32 or any rule of the commission, or who has willfully or fraudulently made any false statement in any application for a license to hold a race meet or for the renewal of the license, or who fails to pay to the commission any and all sums required under the provisions of this article 32 is subject to cancellation or revocation by the commission. The cancellation shall be made only after a summary hearing before the commission, of which three days' notice in writing shall be given the licensee specifying the grounds for the proposed cancellation and at which hearing the licensee shall be given an opportunity to be heard in person and by counsel in opposition to the proposed cancellation. No license shall be granted or continued to any licensee for any race meet licensed under this article 32 who has made default in any payment of any premium or prizes on any race meets held under this article 32 or who has failed to meet any monetary obligations in connection with any race meet held in this state.

(g) Except as otherwise provided in subsection (4) of this section:
