COMPLIANCE ALERT TO INDUSTRY

Current Summary Suspensions and Account Service Recommendations for Wholesalers

DATE: December 5, 2020

Recently, the Liquor Enforcement Division (LED) has had to take steps at on-premises liquor licensees that were not in compliance with Public Health Orders currently in effect in violation of Regulation 47-1102; 1 C.C.R. 203-2. To this end, several on-premises retail licensees have had their State Liquor License summarily suspended. These licensees cannot permit the selling, serving, giving away, or consumption of alcohol beverages on the licensed premises while their licenses are summarily suspended. (*See* Regulation 47-600(G); 1 C.C.R. 203-2).

LED strongly encourages all Colorado wholesalers to refrain from distributing alcoholic beverages to the following on-premise retail licensees who have been summarily suspended at this time:

- **Parrott's Sports Grill:** located at 6050 Firestone Boulevard, Units 206-208, Firestone CO; Summary suspension served on December 5, 2020.
- **The Lyon's Den Restaurant and Taphouse:** located at 160 East Main Street, Unit A, Lyons, CO; Summary Suspension of their liquor license served on December 5, 2020.
- **Bulldog Deli & Pizza:** located at 1815 65th Avenue, Greeley, CO; Summary suspension served on November 25, 2020.
- **El Charro Restaurant:** located at 2109 9th Street, Greeley, CO; Summary Suspension served on November 25, 2020.

LED will provide status updates on the above identified licenses, and any other licenses for which their State Liquor License may be summarily suspended in the future, as they become available.

LED would like to emphasize the abject importance of licensee compliance with state and local public health orders currently in effect, as we all work together to protect the health of our community and our industry during the alarming spike in COVID-19 numbers present in our state at this time. We encourage you to regularly consult the [Colorado Department of Public Health & Environment](#) as well as your local licensing authorities and local public health authorities regarding updated restrictions and allowances as public health guidance is rapidly evolving. We thank you for your continued efforts to ensure the public health and safety of all Coloradans as we enter this critical time in our fight against the novel coronavirus.

The LED reserves the right to amend or withdraw compliance alerts to the industry at any time.

Please reach out to dor_led@state.co.us with any questions you may have regarding this alert.
