## **LED - Notice of Proposed Rulemaking**

**November 10, 2022**

Dear Liquor Stakeholders,

The Division has decided to engage in rulemaking regarding regulations 47-302 and 47-312. The amendment to regulation 47-302 was incited to effectuate a previous repeal of subsection (F)(5), which became effective June 1, 2022.

The amendment to regulation 47-312 was brought to the Division's attention by a stakeholder who suggested more closely aligning the regulation's language with the statutory language appearing in Article 3 of Title 44, C.R.S.

Below is the updated version of the rules with the proposed changes highlighted in yellow:
