## **LED - Emergency Rules Adopted for Proposition 125**

March 9, 2023

Dear Liquor Stakeholders,

On February 27, 2023 the State Licensing Authority through the Liquor and Tobacco Enforcement Division adopted emergency rules as a result of the passage of Proposition 125, which went into effect March 1, 2023. Amendments were made to effectuate the conversion of fermented malt beverage off-premise retailers to the new fermented malt beverage and wine retailer license type. The emergency rules will remain in effect until their expiration 120 days from the adoption date unless sooner terminated or replaced by permanent rules.

Please click below for the amended rules.

[Proposition 125 Revised Liquor Rules, 1 C.C.R. 203-2](#)

The State Licensing Authority anticipates filing a permanent rulemaking notice, which will include these revised rules, and holding a virtual public hearing on the proposed permanent rules at a future date. That process will include the opportunity for additional substantial stakeholder and public participation.

Please do not hesitate to reach out to LED at [dor\\_led@state.co.us](mailto:dor_led@state.co.us) if you have any questions, issues, or comments.

Respectfully,

**Colorado Liquor Enforcement Division**
